

LEACH PAD BLOWERS (SX)

Copper Solvent Extraction

IAC

INDUSTRIAL ACCESSORIES COMPANY

IAC IS THE LEADING SUPPLIER OF COPPER SX LEACH PAD BLOWER SYSTEMS!

- Unique, skid-mounted, unitized design allows simplified shipping, installation, relocation.
- Available with maintenance-free self-cleaning pulse-jet inlet filter, or conventional replaceable filter design with inlet silencer.
- "Touch Pad" style PLC controls offer simple operation and equipment safety against overheating bearings (RTD), overheating motors, plugged filters, switchgear failures, etc.
- Laser-precision alignment on couplings and bearings.
- Visual strobe alarm notifies field personnel when upset equipment conditions reached.
- Simplified, single power-drop to top of motor starter panel simplifies power connection to utility service or to field installed generators - medium voltage motors available.
- High pressure 70-90" wc (water column) injection blowers, with fan output volumes to 20,000 cfm - with medium voltage motors available.
- Consistent and effective aeration improves yield from ores under process.
- Design field-proven with multiple mining / leach pad installations.

Your ONE STOP Source

For Dust Collection & Pneumatic Conveying Needs

- Cement
- Ethanol
- Gypsum
- Bio-Mass
- Rock Products
- Wood Pellets
- Foundry
- Steel
- Pulp/paper
- Mining
- Power Generation
- Carbon Black
- Coal Handling
- Wood Composite
- Fly Ash
- Food Processing

System engineering, field startup, field training,
& turnkey installation services available.
