

ROTARY AIRLOCK VALVES

IAC

INDUSTRIAL ACCESSORIES COMPANY

ROTARY AIRLOCK VALVES

Choosing the right rotary airlock valve for the job is not as easy as it sounds!

IAC's design & project engineers have over 150 years of application experience selecting exactly the right rotary valve and airlock for the project requirements. Whether you need an exact-fit replacement valve, a valve or system upgrade, an increase in your convey line capacity, or need a complete new system, you can rely on IAC for design consultation and the right valve recommendation.

Popular size valves are in-stock or available on a quick-ship basis.

IAC's OEM (Original Equipment Manufacturer) buying power makes your price extremely competitive, and you have confidence in knowing that your valve order is being processed by material handling specialists.

Available in all sizes with/without drives with the following options:

- Cast or Fabricated Housings
- Closed or Open Rotors
- High Temperature Clearances
- Adjustable or Hardened Tips
- Chrome or Ceramic Coatings
- 6,8, or Shallow Pocket Rotors
- Square or Round Flanges
- High Pressure Tolerances
- Shaft or End Plate Air Purge
- Ni-Hard Housings & Rotors

IAC is a "One Stop Source" for your dust collection and Pneumatic Dilute Phase conveying needs!

- Baghouses
- Baghouse Rebuilds
- Dust Storage Silos
- Filter Bags
- Filter Cages
- Solenoid Valves
- Airlocks
- Dust Blowers
- Butterfly Valves
- Dust Piping
- Wear Elbows
- Exhaust Fans
- Bucket Elevators
- Screw Conveyors
- Bag Change Service
- Contract Service
- Turnkey Installations

Your ONE STOP Source

For Dust Collection & Pneumatic Conveying Needs

- Cement
- Gypsum
- Rock Products
- Foundry
- Pulp/paper
- Power Generation
- Coal Handling
- Fly Ash
- Food Processing
- Ethanol
- Bio-Mass
- Wood Pellets
- Steel
- Mining
- Carbon Black
- Wood Composite

Competitive Prices on
Smoot, Meyer, and Bush
& Wilton Rotary Valves!
