

COMPRESSION COUPLINGS

with *Stainless Steel Gasket Protectors*

IAC

INDUSTRIAL ACCESSORIES COMPANY

You can eliminate costly downtime and replacement of coupling gaskets in your vacuum conveying system.

IAC Gasket Protectors provide positive gasket protection against abrasion or corrosion with no adverse effect on Coupling capabilities. They prevent gasket wear which occurs when pipe or tubing ends do not butt completely. This gap is often unavoidable and always undetectable. In vacuum systems, gaskets without Protectors can be drawn into the line enough to cause excessive wear and eventual system leaks. This may result in undesirable contamination of the materials being handled. IAC Couplings with Gasket Protectors fully eliminate these costly hazards to the effective and economical operation of vacuum conveying systems.

- Are factory assembled – no loose parts.
- Automatically compensate for field installation variations causing exposure of gaskets – prevent pinched gaskets at butt connections.
- Gasket Protectors are of Type 304 stainless steel with interlocking teeth – excellent for protection against abrasion and corrosion.

CAPABILITIES

Equipment, Parts & Service

One-Stop Source

Capital Equipment

- Dust Collectors/Baghouses
- Dust Collection Systems
- M-Pulse Baghouse
- Blower Packages
- Pneumatic Conveying Systems
- Silos & Tanks
- Bulk Storage Systems
- Pneumatic Filter Receivers
- Railcar Unload Systems
- Mercury Control
- Air Pollution Control

Industries Served

- Wood Products
- Grain Agriculture
- Food
- Cement
- Ethanol
- Steel
- Foundry
- Mining
- Bio Fuels
- Petro Chemical
- Plastics
- Coal
- Power Generation
- Pulp & Paper

Capabilities

- Design Layout - Auto Cad 2007, 3-D Solid Works & Inventor
- Structural Steel Fabrication
- Design Build Projects
- Mechanical Contracting
- Mercury Control Testing
- Equipped Service Trucks

Services, Construction & Maintenance

- Contract Fabrication
- Consulting Services
- Equipment
 - Installation
 - Relocation
 - Repair
- Baghouse Rebagging
- Baghouse Conversions
- Turn-Key Installation
- System Inspections

After Market Parts & Equipment

- Blowers
- Airlocks
- Diverter Valves
- Hose
- Bags
- Cages
- Tubing
- Couplings
- Elbows
- Sonic Horns
- Knife Gates
- Butterfly Valves
- Baghouse Accessories
- Level Indicators
- Bin Activators
- Convey Line Accessories
- Intake Filters
- Fans
- Abrasion Resistant Products

COMPETITIVE PRICING
RUSH DELIVERY:
BLOWER PACKAGES &
BIN VENTS
